

MAGNESIUM metal >97 %
Mg powder

Ref: Mg97-P100
Version nb: V1
Validity date: 2008/02/28

- Name / nom:** Magnesium metal (Mg)
- ELSA metal product ref** Mg97-P100
Référence ELSA metal:
- International ref.** EC Nr: 231-179-5 CAS Nr: 7439-95-4
Ref. Internationale:
- Product description** Obtained from magnesium grinding
Description produit: Obtenu par broyage de magnésium métal
- Technical data**
Données techniques:

5.1 Chemistry / Chimie

Element	Unit	Specif.
Mg	%	> 97

5.2 Physico chemical data
Données physico-chimiques :

	Powder
Sizes microns	< 100
Dimension microns	

- Packaging / emballage:**
In big bags on NIMP 15 pallet
- Storage / stockage:**
Storage in a dry area
Stockage en zone sèche
- Transportation / transport:**

Dangerous goods

UN 1418 – Class: 4.3. – Classification code : WS – Packing group II
Magnesium powder – label 4.3 + 4.2
According to ADR/RID/ADNR or IMDG/OMI or IATA/ICAO
